## Experience & Specialized Training

**BBG Inc.**, Cleveland – *Account Manager / Software Developer*

March 2019 – June 2021

Performed data entry and record keeping of several companies and their employees. Developed "CenFill", a Python software that auto-completes Excel medical censuses, generates multiple medical carrier-specific censuses, retrieves spreadsheets from Smartsheets, and pulls a collection of medical quotes for a company.

**Cleveland Hardware & Forging Company**, Cleveland – *Web Developer*

November 2017 – August 2019

Updated and maintained the company website, rebuilding it from the ground up. Cleveland Hardware has been shut down in September 2019 as all resources have been relocated to their parent company, Green Bay Drop Forge.

**We Can Code It**, Cleveland – *Student*

March 2017 – June 2017

Full-time coding boot camp, learning full-stack development from expert instructors and intensive hands-on projects. Planned, designed, and developed professionally programmed applications in collaborative team-based and independent settings, demonstrating the proficiency to earn Software Engineering Certificate.

**Stream 9**, Cleveland – *Intern*

January 2017 – March 2017

Developed and updated websites for clients, utilizing the designs created by the lead designer.
